How to Use This Document

The v2.1 update contains more than a hundred bug fixes. This document is designed to give you a comprehensive list of the fixes included in this update. These release notes are organized into the following sections:

- Engine Fixes: A complete list of the bug fixes that apply universally across all Infinity Engine games.
- Bug Fixes - BG:EE: A complete list of the bug fixes that apply specifically to Baldur's Gate: Enhanced Edition.
- Bug Fixes - BGII:EE: A complete list of the bug fixes that apply specifically to Baldur's Gate II: Enhanced Edition.
- Bug Fixes - BG:SoD: A complete list of the bug fixes that apply specifically to the Siege of Dragonspear expansion.

v2.1 is the the first of many updates we plan to bring to the Infinity Engine this year. We hope you enjoy the results.

WHAT'S NEXT?

This update addresses many of the multiplayer issues that have been affecting players, but there are still some lingering problems that we are aware of. We intend to address those, and many others, in the next update.

ENGINE FIXES

This update features a number of fixes and improvements to the Infinity Engine as a whole. The items in this list affect all Infinity Engine games, which means that in addition to Baldur's Gate: Enhanced Edition and Baldur's Gate II: Enhanced Edition, these changes will also affect Icewind Dale: Enhanced Edition when it's updated.

Note that some of these fixes may be described as being specific to one game, but they represent changes to the engine's code that affects all games.

- Loading a saved game in multiplayer will no longer crash when cloud save is enabled (22720)
- Multiplayer clients will no longer lose control and interface at the start of a new game (22718)
- Legacy of Bhaal mode will no longer reset to Insane when a client joins a multiplayer game (22717)
- Cancelling a Dual Class action will no longer remove weapon proficiencies (22697)
- Using the latin char "ñ" on name of saved games will no longer crash the game if using Steam Cloud Saves (22659)
- Game will no longer crash if the selected portrait is too big (22633)
- Casting sequencers will now show a description of how they work (22600)
- [SoD only] Characters who have surrendered will no longer grant additional XP if killed (22591)
- Drinks tab in Candlekeep Inn will no longer show a string number instead of the inn's name (22536)
- Dialog popups in multiplayer will no longer get stuck on the screen (22494)
- The Contingency screen will now display the correct information text (22489)
- The Ready to Play check box will now be visible for all characters in multiplayer (22488)
- Cleric spells can now be used in contingencies (22487)
- Playing on the Legacy of Bhaal difficulty setting is now visible in the Options > Gameplay menu (22448)
- In multiplayer, Character AI choices should be remembered after a load (22335)
- Playing on the Legacy of Bhaal difficulty setting should be visible in the Options -> Gameplay menu (22332)
- Mage specializations now use the correct race restrictions (22305)

- Maze and Imprisonment spells will no longer remove proficiency bonuses. (22298)
- Multiplayer clients will no longer require several attempts to connect to a host session (22291)
- Multiplayer clients will no longer get a popup that erases the entire when closed. (22290)
